**TeamPOP™**

## Boost your talent management system with high performance teams.

### Build high performance teams

Building high performance teams requires an understanding of individual strengths and how the strengths of all the team members will complement each other to create a powerful synergistic performance environment.

### Powered by technology and science

The **Team POP™** combines the latest technology with our powerful assessments to provide a solid, scientific foundation to help create a new team or evolve an existing team. It is an essential component of any talent management system.

### The TeamPOP™ is ideal for:

- HR Professionals
- Project Managers
- Coaches
- Managers
- Training
- Sales Professionals
- Sports Teams

## TeamPOP™ reports

The TeamPOP™ provides four different reports:

- Individual to individual
- Individual to team
- Manager to team
- Manager to individual

### What does the TeamPOP™ do?

- Enables virtual team selection and composition (all levels).
- Helps with selection and succession planning.
- Matches managers and team members.
- Is suitable for teams of 2 to 200.
- Identifies team strengths.
- Increases team effectiveness.
- Leverages individual strengths.
- Identifies synergistic opportunities.

With **TeamPOP™** reports as your guide, you will be able to maximise the performance of your existing team, create a new team, grow or streamline your team, or plan for a change in team composition and leadership.
